### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ellen E. Fielitz on July 1, 2005.

The application has been amended as follows:

Cancel claims 11-13.

Claim 1, line 17, "cam means integrally disposed on said bushing" has been changed to --cam means disposed on and integral with said bushing--;

Claim 6, line 2, "configures" has been changed to --configured--.

The following is an examiner's statement of reasons for allowance: The closest prior art of reference, U.S. Patent No. 5,607,426 to Ralph et al., fails to disclose or suggest the cam means integral with the bushing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to D. Jacob Davis whose telephone number is (571) 272-4693. The examiner can normally be reached on M-F.
